Le club de poésie

In the heart of Paris, where cobblestone streets whisper stories and the Seine carries secrets, our SP26 collection takes its first breath. Inspired by the quiet power of poetry, the elegance of old Paris, and the allure of the unknown, each piece is a stanza in a story only imagination can finish.

Soft silhouettes move like verses—flowing, thoughtful, and full of emotion and. Faded florals, moody palettes, and delicate detailing evoke a world of hidden corners and candlelit cafés. Light fabrics capture the feeling of pages turning; layered textures speak of secrets waiting to be discovered in a fine combination of raw detailing.

SP26 isn't just a collection. It's a feeling—nostalgic, romantic, and just a little mysterious. Designed for dreamers, poets, and those who find beauty in the in-between.
